tituscsmith.com | Ottawa, ON | titus.smith@uwalumni.com

New-Grad Full-Stack Developer. User-Centric-Design. Team Player.

EDUCATION

University of Wisconsin-Madison

B.A. Computer Science, Music | May 2021 | 3.85 / 4.0 GPA | Phi Beta Kappa Honors

RESEARCH

People and Robots Laboratory | University of Wisconsin-Madison

Undergraduate Research Assistant | Jan - Apr 2021 | Advisor: Emmanuel Senft

- ❖ Researching as part of a NASA ULI project to develop new methods in collaborative robots for aircraft manufacturing. My part of the project specifically focuses on riveting processes, seeking to both decrease ergonomic hardships on aircraft workers and improve job performance.
- ❖ Designing and implementing a GUI with React that facilitates the authoring of high-level robot behaviors. The interface enables users to design trigger-behaviour programs for immediate and state-based tasks like kitting, assembling, and sorting.

RECENT DEVELOPMENT INITIATIVES

WearMe | Feb 2021 - April 2021 | Team Project

- ❖ Communicated directly to the CEO of a Fashion Startup to realize the Alpha Prototype for a trial community. Developed with the MERN Stack and Google OAuth as the sole developer, working across the entire stack.

Mumbler Social Media App | Winter 2021 | Solo Project

- ❖ Individually developed a Twitter-like web app with React, Redux and Firebase. Users can post, view, save, comment on, and react to posts. Additionally, the app supports comment notifications, profile pictures, swear word filtering, and more. Makes use of Firestore, Auth, and Functions. Personal Project.

LANGUAGES AND TECHNOLOGIES

Proficient

❖ JavaScript • React • Redux • Native • HTML • Node.js • Bootstrap

Project Experience

❖ Jest • Dialogflow • Java • AdobeXD • Materialize • SQL • MongoDB • C

NON-TECHNICAL WORK EXPERIENCE

Camp Iawah | Godfrey, Ontario

CREW Leader | SUMMER 2019

- ❖ Facilitated community-building, activities and shifts in three-week high school leadership programs
- ❖ Provided one-on-one mentorship to 11 males in the programs

Co-Head of Ski & Board | SUMMER 2018

- ❖ Provided initial & ongoing training to 16 staff, including towboat driving and curriculum instruction
- ❖ Supervised Ski & Board participants to facilitate a safe, fun and challenging environment
- ❖ Delivered boat maintenance, weekly cleanings, oil changes, fuelings and upkeep of the activity area
